

Smart Cash Handling

# AustroSafe 690

## Compact SmartSafe

The AustroSafe 690 is a compact cash deposit safe for banknotes, specifically designed for installation under tables or sales counters. It combines high reliability and security with simple, customer-friendly operation in day-to-day use. Thanks to its modular design, it adapts flexibly to different requirements and usage areas. It shows its strengths particularly where space is limited. The system can be optionally equipped with various coin sidecar solutions. A unique and space-saving system that optimally combines versatility and efficiency.

### Powerful

The combination of robust construction and high performance technology ensures reliable and durable operation.

### Efficient

Innovative features support efficient system use. High availability and low TCO give a great impact.

### Careless

Physical security is based on clever housing designs and different locking options ensure carefree operation. Smart software solutions complete the comprehensive protection concept.

### Flexible

Its sophisticated housing concept builds the base for quick and easy adaptation to the master system.

### Future-proof

Our technology is always "state of the art" and setting trends. Various options offer the necessary protection for your investment and ensure a long product life cycle.

### Proven

Thanks to our long-term employees our systems and solutions have been successfully maintaining their position on the global market since 1998.

### Sustainable

We take care of less resources in production. Thanks to low energy requirement, high capacities and stable operation our solutions supports the protection of the environment - even during operation.

### Integrated

Various standardized integration options (e.g. XFS, MCRcf, etc.) allow the systems to be easily integrated into the customer application and to be monitored as required.

## Features & Options

### Variants

- + Front-load
- + Special colours (RAL-colours)

### Safety

- + Safe CEN II basiert
- + Solid 3-point locking system
- + Safe-locks according to EN 1300 Class B

### Display

- + 10.1" Touch TFT (Linux based)

### Customer Identification

- + Barcode/QR-Code
- + Touchscreen

### Bill Validator

- + JCM TBV™ with Stacking cassette
- + Processing speed: 1,7 sec/note
- + Acceptance rate: 98% or higher
- + Bulk note up to 50 notes
- + Capacity cash box up to 2.000 notes

### Barcode- & QR-Scanner

- + Equipped with infrared and light sensors
- + Visual feedback
- + Optimised for reading data on mobile phone screens

### Printer

- + Graphics-capable thermal printer with cutter and barcode/QR code printing
- + 60 mm paper width

### Optional Items

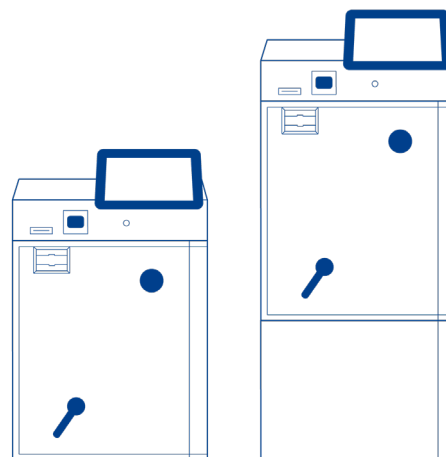

- + Pedestal
- + Anchor plate (dust-free installation)
- + External display kit
- + Sidecar solutions for coin processing

### Processor

- + Mini-PC solution

### Software

- + Linux™
- + MCRcf-driver
- + MC2020 SelfService-Application
- + MC Monitoring Platform

### Spezifikationen

- Dimensions: 450 x 458 x 685 mm (excl. display and pedestal)
- Weight: 175 kg
- Standard Colour: RAL 7035/7021
